

Family Philanthropy Conference Reminders

- Exhibiting customers may conduct giveaways and drawings at the conference—such as a “spin the wheel” game or a business card draw—if the exhibiting company receives advance approval from the Council. Prizes must be valued at less than \$600.
- Gaming activity of any kind is prohibited. Giveaways and drawings are permitted but the Council must be notified in advance (see above).
- Exhibitors should secure valuables and small and easily portable items after hours.
- Exhibitors may not sell goods or services at the conference.
- Food and beverages served in the exhibit hall must be supplied by the hotel.
- Registration badges are included as part of the exhibit fee. Full-conference badges allow access to plenary and educational sessions and to non-ticketed social events. Exhibit-only badges allow access to Family Central only. Please refer to the Exhibitor Prospectus or online exhibit info to confirm the number and types of badges your exhibit package provides.
- Exhibitors may use the conference registrant list for a one-time mailing, before or after the conference. Exhibitors should not contact conference registrants by other means unless they have a preexisting relationship with the individual registrant or obtained the registrant’s name, organization name, and contact information from a source other than the Council.
- The conference participant directory may not be used for solicitation purposes.

Any Questions?

Please let me know if you have any questions or need additional information.
